### Recommendation on Stonebridge Preliminary Plan Forwarded to Village Board

On August 20, 2014 the Joint Plan Commission & Zoning Board of Appeals (PCZBA) commenced a Public Hearing to consider a petition, filed by The Roanoke Group, LLC (Petitioner), for approval of a preliminary development plan for a Planned Residential Development (PRD) on the approximately 47 acre property located at 136 Green Bay Road. Following a presentation by the Petitioner, and comments/questions from the PCZBA, the Public Hearing was continued to September 17th. At its meeting on September 17th the PCZBA continued with the public hearing, received additional information from the Petitioner, received public comment, discussed the proposal and recommended the Village Board approve the preliminary development plan with the following conditions:

1. The Petitioner investigates modifications to the three detached single-family homes proposed for the area currently occupied by the Carriage House that is of a massing/scale more consistent with the Carriage House;
2. The Petitioner not deviate from the proposed [construction phasing plan](#) which implements the eastern pond and forest management plan and restores the Jensen Landscape Plan in Phase I; and
3. The PCZBA, Architectural Board of Review and the Historic Preservation Commission conduct a joint workshop/charrette process to review the proposed development during the Final Plan review phase.

The Village Board is tentatively scheduled to consider the proposed preliminary development plan at its meeting scheduled for October 27, 2014 (7:00 pm) in the Village Hall Board Room (40 E. Center Avenue).

## Proposed PRD - Preliminary Development Plan

This property is commonly known as the Stonebridge Planned Residential Development. The preliminary development plan, that would ultimately amend the Stonebridge PRD Plan to allow the following:

- a total of 98 residential units, including with 94 detached single-family residences, 2 existing detached single-family residences and 2 existing attached single-family residences;
- restoration and preservation of the existing Manor House as a community clubhouse with limited public access;
- demolition of the existing Carriage House;
- various landscape features, parks and bicycle and pedestrian trails;
- on-street traffic circulation and access to home site with a two-way loop road (Jensen Road) as it currently exists, "Street A" and "Street B" that serve the "Pocket Neighborhood" and minor street "Street C" serving Lots 40 to 53;
- on-street parking spaces (not required) added at select locations along one side of Jensen Lane for residents and visitors, as well as the required minimum of two off-street parking spaces per unit is provided; and
- a stormwater management plan with three detention basins.

## PRD Application Process - Preliminary Plan

Consideration of a PRD is a two-step process that includes separate public hearings and Village Board consideration for: i) a preliminary development; and ii) a final development plan, which would go before the PCZBA at a new public hearing if the preliminary development plan is approved by the Village Board.

It is anticipated that most or all of the August 20, 2014 portion of the Public Hearing will consist of the Petitioner's initial presentation, and that the PCZBA will then continue the Public Hearing to a subsequent date for public comment. You are welcome to appear at the Public Hearing beginning at the time and place specified above. A copy of the application seeking this action and additional information will be available for inspection on or after the Friday before the scheduled meeting date at the front counter in the Lake Bluff Village Hall (40 East Center Avenue).

## Stay Informed

As the Stonebridge Development moves through the Village's development review process, residents are encouraged to stay informed of upcoming meeting dates by visiting the [Events Calendar](#) and the [Meeting Agenda](#) pages.
