[The Village's FY17 and FY18 Biennial Budget Approved](#)

On March 14, 2016, following a public hearing and presentation, the Village Board approved first reading of the Tentative Biennial Budget for the fiscal years commencing May 1, 2016 and ending April 30, 2018; second and final reading was approved on March 28th. A copy of the presentation is provided below.

This budget, in the amount of \$14,043,941 plus \$1,192,218 in inter-fund transfers for FY2017 and \$13,934,293 plus \$1,241,853 in inter-fund transfers for FY2018, includes the Village of Lake Bluff funds and the Lake Bluff Public Library funds. For the first time ever the Village approved a two-year fiscal plan; this multi-year budget process emphasizes long-range planning, budgeting for results, effective program management, and fiscal responsibility. Specifically, the primary objectives of this budget are to: (i) maintain current fund balances at or above Village minimum reserve levels, (ii) control operational costs, (iii) continue reinvestment in Village infrastructure, and (iv) continue to deliver quality and efficient services residents expect from the Village of Lake Bluff. Additionally, this budget has been assembled with the intention to allocate resources consistent with the developed 2016 Village Strategic Plan.

Copies of the Biennial Budget are available for public inspection at Village Hall, the Public Safety Building, the Lake Bluff Library, and by clicking on the links below. Following the Public Hearing the Biennial Budget may be further revised and passed without any further inspection, notice or hearing.
